

ENVIRONMENTAL POLICY STATEMENT

At Frogson Waste Management Ltd we fully implement the Health and Safety at Work Act 1974, the Environmental Protection Act 1990 and subsequent Regulations that apply to our operations both on our site and on our customer's sites.

We continually strive to help our customers to meet their duty of care by complying with the legal requirements applicable to our activities. To prevent potential pollution to the environment and provide opportunities for continual improvement both our management systems and work practices are continually monitored. This ensures we meet the requirements of our site permit and provides a framework for setting and reviewing our improvement programme and our environmental and safety objectives.

Our staff are trained to an appropriate level to allow them to carry out their work tasks effectively with due consideration to their safety and with out un-necessary environmental implications. All equipment and vehicles are regularly maintained to ensure efficient operation with the minimum potential waste. The company's buying policy takes into account potential environmental impact.

It is the intention of management to continue to minister the company's activities by constantly monitoring our safety records, our environmental impact and to reduce waste where and when it is practical to do so.

This policy statement is freely available to all staff members, is used in promotional material and has also been posted on our web site

B Farnell.
